## **California State Thespians**

## Online Registration Cheat Sheet for Troupe Directors

The following information will be requested as you proceed through the online registration. Here is a simple form to assist you in gathering information from your students.

Troupe Directors please note that you are establishing an online account. This account will keep all of your student information. You will be able to export this information for your records. The students in your directory may or may not attend a thespian event, but you will have a record of their data for your thespian troupe. If a student decides to attend a thespian event, you simple click on the student or begin typing their name in the registration part of this application and the auto---fill feature will enter your students' data. Cell phones & emails are for notifications, schedule changes and emergencies. Graduation year is collected to assist in maintaining a running tally of your students by class. You will be able to access your data for years in one place and you will have an accurate account of what your students have presented at thespian events.

Name	Thespian Induction Date	T-Shirt Size	Email	Cell Phone	Grad Year
